### ATM Check Deposit Limit

**Effective** March 15, 2023, we are changing the following paragraph in the "Our right to decline deposits" subsection within the "Depositing Funds" section of the Deposit Account Agreement:

We may decline all or part of a deposit, including cash, for any reason. This could happen, for example, if a payee isn't a co-owner, authorized signer, or authorized representative on your account, we can't verify an endorsement, the check was issued from a credit account, the dollar amount of the deposit, the check looks suspicious, or it's a non-U.S. item. If we decline a deposit that you mailed to us, we may return it to you at your cost (including charging you for postage and handling to return foreign currency coin or paper), or retain any invalid checks or other documents included in the deposit without crediting your account, at our discretion.

The new paragraph is as follows:

We may decline all or part of a deposit, including cash, for any reason. This could happen, for example, if a payee isn't a co-owner, authorized signer, or authorized representative on your account, we can't verify an endorsement, the check was issued from a credit account, the dollar amount of the deposit, the check looks suspicious, or it's a non-U.S. item. If we decline a deposit that you mailed to us, we may return it to you at your cost (including charging you for postage and handling to return foreign currency coin or paper), or retain any invalid checks or other documents included in the deposit without crediting your account, at our discretion. There are limits on the total dollar amount of checks that can be deposited at Wells Fargo ATMs per transaction. We may decline check deposits that exceed \$1 million.

---

**Effective** January 31, 2023, in the section of your Deposit Account Agreement ("Agreement") titled "Available Balance, Posting Transactions, and Overdraft", under the subsection "How we process and post transactions to your account", the section titled "Step 2: we sort your transactions into categories" is deleted and replaced with the following:

Step 2: we sort your transactions into categories

- We credit deposits received before the cutoff time.

- We subtract withdrawals and payments we have previously authorized that we cannot return unpaid such as debit card purchases, ATM withdrawals, account transfers, Bill Pay transactions, and teller-cashed checks. Transactions are generally sorted by date and time the transaction was conducted or, for some transactions, the day we receive it for payment, or the time assigned by our system. If date and time are the same, we post from lowest to highest dollar amount.

- We pay your checks and preauthorized ACH payments, such as electronic payments you have authorized a company to withdraw using your account and routing number. Transactions are generally sorted by date and time received by the Bank, and if date and time are the same, we post from lowest to highest dollar amount. Merchant-issued payment card transactions (e.g., an ACH payment associated with a purchase you made using a store-issued debit card) post after all other transactions in this category.

### Determining Date and Time

- Cutoff time is based on the location where the deposit or transfer was made.

- For debit card transactions, if we do not have date and time information, we use the day we receive it for payment from the merchant.

- For some transactions, such as Bill Pay or teller-cashed checks, a different time may be assigned by our systems.
